### COGNISA AND EASYLOBBY SIGN MARKETING AGREEMENT

Cognisa Security, Inc. and EasyLobby, Inc. proudly announce an agreement that enables Cognisa's security customers in the US to receive discounted pricing on EasyLobby's secure visitor management system.

According to Cognisa CEO Keith Badham, "Our partnership underscores our commitment to providing our customers with total security solutions. Cognisa seeks to provide customers with a greater return on their total security investment by partnering traditional manned security services with leading security technology solutions such as EasyLobby."

EasyLobby is an industry leading turnkey visitor management system that provides complete, fast, and secure electronic visitor registration, recordkeeping, and reporting, and produces professional-looking badges for visitors. With EasyLobby, visitors electronically scan their business card or driver's license and all relevant information is captured in a secure database file, including the name of the person being visited, the reason for the visit, and their entry and exit times.

"Combining Cognisa's security guard service with our award-winning visitor management system is a natural fit. Guards will be able to process visitors more efficiently, and customers will benefit by having access to complete and accurate data about who is in their buildings and why." said Howard Marson, CEO of EasyLobby.

EasyLobby's visitor management system is now available through all of Cognisa's offices across the country. Those interested in an EasyLobby demonstration should contact their local Cognisa sales representative or send email to [sales@cognisa.com](mailto:sales@cognisa.com).

###

#### About Cognisa

Headquartered in Atlanta, Cognisa Security, Inc. is a commercial security and transportation solutions provider with more than 30 offices and 5,500 employees throughout the continental United States.
